

## **2019 WESTERN CANADA SUMMER GAMES WRESTLING TECHNICAL PACKAGE**

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games, as well as affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Technical Committee of the Western Canada Games Council through his or her Chef de Mission or Provincial/Territorial Sport Organization.

Technical Packages are developed primarily by the Western Canada Games Technical Committee in conjunction with the various Provincial/Territorial Sport Organizations, following principles, guidelines and requirements of the Western Canada Games Council. As the overall governing body of the Games, the Council has the ultimate authority for Technical Packages.

If an individual wishes to initiate a change to a Technical Package leading up to a Games, the desired change should be first directed to the Provincial/Territorial Sport Organization or the Chef de Mission. The P/TSO or Chef will evaluate the merits of the change and will, if it has merit, submit the requested change to the Technical Committee of the Western Canada Games Council. The P/TSO or Chef will submit the rationale for the change. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after three years prior to the Games. Substantive changes to events or competition formats will not be considered after 18 months before the Games. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six months of the Games. Changes made by the NSO's regarding WCSG alignment to the Canada Games will not be considered after April 1, 2018. These time frames reinforce the importance of complete understanding of the Technical Package early.

4. Students attending school on a full-time basis outside their province/territory of permanent residence during the year of the Games shall be permitted to compete for either their province/territory of permanent residence or the province/territory in which the athlete attends school. 5. If a non-student athlete attends a recognized national training centre outside his or her province/territory of permanent residence, the athlete is encouraged to represent his or her province/territory of permanent residence; however, the athlete could represent the province/territory where the centre is located under the terms of paragraph (6), below.
6. Exceptions to the domicile requirement will be possible if the athlete can demonstrate a commitment to the province/territory she or he wishes to represent by such means as: having been a member of a club or provincial/territorial sport organization in that province/territory for the entire previous competitive season, having represented that province or territory at a previous national or regional championship, having attended school full-time the previous academic year, or being part of a recognized national training centre full-time during the previous 12 months. Other similar circumstances may be considered.
7. Competitors must meet all eligibility requirements outlined in the Technical Package.
8. An athlete is permitted to try out for only one province or territory per Games.
9. An athlete may participate in more than one sport, provided the sports occur in different phases of the Games.
10. The Technical Committee of the Council shall determine the eligibility of any athlete that is not clearly established by these rules and by the Technical Package. **Coaches or PSOs/TSOs must bring forward any cases in question to their Chef de Mission as early as possible before the competition for forwarding to the Technical Committee.**
11. Where a team/province/territory/Chef wishes to challenge the eligibility of an athlete on another provincial/territorial team, it is expected that such a challenge will be made as soon as the protesting team knows that an athlete may be ineligible. Every effort must be made to ensure that protests on eligibility are lodged before an athlete competes.
