## Wayfinding Signage:

### WAYFINDING SIGNAGE

- Wayfinding signage uses the blue part of the palette.
- Basic layouts available for blade signs, horizontal signs, and vertical signs. Type and iconography size would need to be adjusted depending on the size of the signs.
- The square sign would be used for non-directional wayfinding communication, such as area identifiers, or other communication that doesn't require directional communication.

## Field of Play Corral Panels:

### FIELD OF PLAY RUNS

- Examples of how the Panels can be used to create runs
